With reference to
above, the Dy Commr
called upon to submit a
report regarding the approp-

Messrs. Messen & Mac

In reply, the Dy Co
states that a part of the
interest realized on Pu-
davat Funds is devoted
for the services orig-
intended the inves

small sum secured in
Pro-notes is accumulating
yearly.

The amount of coffee
land tax due by Messrs.
Mappen and Mac Master
is Rs. 7777-4-1 and not
Rs. 7344-3-4 as noticed
from the records. The
Revenue from this source
is intended to supplement
the expenses for the upkeep
of the Establishment and
arrangements are being
now made for the recovery
of the balance outstanding
since 1875.

No amount is at present
annually realized by the
temple from the Sandal
wood grown on the Inam
lands. A sum of Rs 5429-15-4
being the Sandal wood
realizations of former
years is now in hand in

be conveniently appropriated towards the cost of repairs in question.

The communities interested in the preservation of the temple are willing to contribute about Rs. 300.

From the correspondence it is observed that the temple stands in urgent need of repairs and that estimated cost of Rs. 29 is absolutely necessary.

Copy of
General Circular No. 4 of 1870-71

The Chief Commissioner directs that the following instructions prescribing the measures to be adopted in carrying out the necessary repairs and restoration of Temples and Chattraams supported from State Funds, shall be observed.

2. From the returns furnished by the Superintendents of Divisions, in accordance with the instructions contained in this office Circular No. $\frac{3382}{57}$ of 24th September 1869, it appears that inclusive of the Maharajah's Chattraams at Benares and at Sripati in the North Arcot District of the Madras Presidency, there are 76 Chattraams supported by this State. Of these, 27 are stated to be in good order, and the remaining 49 Chattraams to be in need of repairs, which are estimated to cost Rs. 2,577. The temples endowed or maintained by this State and reported to be in need of repairs are 612 in number,

3. In respect of the chattrams, the Chief Commr^y considers that the funds necessary for providing for their repair can be obtained by suspending temporarily the feeding allowances assigned by Govt^y to these buildings. Measures will accordingly be taken by Dy Supts^y with this object after procuring detailed estimates of the repairs necessary for the several buildings situated within their respective districts.

The aggregate sum required having thus been ascertained, it will be at the discretion of the District officers to discontinue the feeding allowances, partially or generally, for such period as may be necessary to accumulate a sufficient fund for the purpose.

4. With regard to the temples, it will be desirable to make a distinction between those buildings which though abandoned and in partial ruin may be deemed worthy of preservation on account of their sculpture or architecture, and those in which the services are still carried on.

5. As regards the former class, it is believed that there are few buildings of this character which are deserving of special notice. In such cases

this office, with estimates of the cost involved in their restoration.

6. The repair of temples which do not fall within the above definition is, as stated above, estimated to cost Rs. 45,000 odd, and to meet this outlay, it is necessary, that the temple managers or communities whose interest it is to preserve them from decay, should be called upon to share with the Govt. the cost of their repair or restoration. The Chief Commr. desires that it may be impressed upon them that while the Govt. is prepared to give all reasonable aid towards the object in view, the duty is incumbent on them of contributing at least a moiety of the estimated cost, and that sanction to the repair of any such building will not be accorded, unless it has been certified that such portion of the cost has been paid up.

7. With the sanction of the Govt. of India, provision to the extent of Rs. 8,000 per annum for the next three years succeeding the 1st April next has been directed to be entered in the Provincial Budget, and the Dy. Superintd.

a detailed list of those temples, the managers of which have agreed to fulfil the conditions herein prescribed. The Dy Supts should further indicate the order in which it is desired that the several works should be taken up, preference being given to those institutions which have been built by the former rulers of the Province over those constructed by private persons, although in both cases the temples may be supported from State Funds.

8. In carrying out this measure, the Dy Supts should endeavour to give the fullest consideration to the claims of all sections of the Hindu community, and the Chief Commr considers that this object may be ensured by requiring the Native Afs who, in each District, may have been placed in charge of the Muzrai Dept, under the instructions conveyed in this office letter marginally noted, to institute a careful enquiry into the condition of all buildings, of the description referred to, the mode in which their repair can be most economically effected, and the ability or otherwise of the people to comply with the conditions now laid down.

Sir

With reference to your
letter No 4609 dated 1st

information regarding the
appropriation of the Kalasa
Temple Funds towards the
repairs of the Institution,
I beg to state, that a part

originally intended by
the investors, whilst the
interest on a small
sum secured in Pro-

The sum due by Messrs Messers and MacMaster is Rs 1777-4-1 in account of land tax and not Rs 732,4-3-4, as noticed the records. The Revenue from this source intended to supplement the expenses for up keep of the establishment, the income the temple having diminished since the deduction of ready money grants. The balance is outstanding since 1875, constant being ineffectual, arrangements are being made to file civil suits against them.

No amount is at present annually, by the Temple from the Sandalwood grown on Inama lands, as a greater portion of the has been committed into ready money grants; the temple authorities seem to be in doubt, whether they are now entitled to the Sandalwood or remainder. The Institution has in hand present in the shape of Government Pro: Note a sum of Rs 54,29-15-9, being the amount as from the Sandalwood realizations in former years. This sum can conveniently be appropriated towards meeting the cost of re in question.

No 20.

To

The Secretary to the Dewan
of Mysore.

Sir,

With reference to the Dewan's
Proceedings No. $\frac{4415}{202}$ of the 18th September
-ber last, I have the honour to forward
copy of a letter No. 424 of the 4th ultimo
from the Muzroy Officer regarding
collection of arrears of the Kalasa
Temple Poddavat &c.

2. I beg to draw your attention
to para 5 of the Muzroy Officer's letter
complaining of great confusion in
the Kalasa Temple Management and
to para 6 of my letter No. 516 of the
13th January 1882.

3. I would beg permission to
appoint the following Committee
to enquire into and arrange the
affairs of this temple:-

1. The Amildar of Koppa

4. Trimalachari - Ins-
 - sector of Police who as Acting
 Amildar, enquired into and
 fully reported on the temple affairs

From the Murray & Co's Commr's
 report, memo No 797 dated 21st
 March 1883, it will be seen
 that the Agent of the Shringeri
 Temple to which this temple
 is, I believe, affiliated, is of
 opinion that a saving of Rs
 356 might be effected in the
 temple management without
 interfering with the efficiency
 of the temple service.

5. By the recent proposal
 of the Superintendent of Survey, vide his
 which has my cordial approval, ^{8 Secy} No 878
 the temple will, if the scheme
 is assented to by Government ^{Subd 1} on 8/2/83
 have a fixed revenue of Rs 1161-32-² ^R
 a year from its Coffee and Sandalwood
 The disposal of this sum might
 be left to the Committee.

and found the temple in a
state of disrepair and I am of opinion
that to put the whole thing on a
satisfactory footing the Committee
as above proposed should at once assemble
and report.

Moogpi's Asst Commr's Office

Chikungwa March 1883,

To

The 2^d Commr Kaduna

Sir,

Kaduna Dist

In continuation of my letter
No 316 & etc 735 November 1882, I beg to
submit lists of arrears with my remarks
thereon to be struck off the accounts for
transmission to the Secretary with reference
to De wani's Proceedings No 4415 dated 18th Sept 82.
202

2. The land tax due by Mr Macmaster
has been paid up, & with regard to what was
due by Mr McPherson, I have now obtained
an Ex parte decree in the Kumsiff's Court
against him for Rs 309/-, which were
within limitation; the remaining sum
Rs 192/- being wholly barred by law have
been recommended in the accompanying
list to be struck off the accounts -

3. Owing to the measures taken from
time to time the Red watts and the arrears
of Land Revenue of this temple have
been brought into a system, but as the
Amuldar has shewn no progress in the

needed and as the Harvest Monument is now
completed by the completion of the land of the
temple, with the view of converting them
into Cash Income, and as the Coffee tax
of the temple is still unsettled, diffi-

culties may arise to meet the expenses
of the various Sayons &c this year without
indenting upon funds which are in reserve
4- All the servants of the temple including
the Amil &c are always anxious to ask
for money for prescribed expenditures,
& what is due to them by the temple, but
none of these in my opinion take any
interest in recovering what is due to it, or
exercising any economy for its welfare

5- As matters now stand, the formation
of a Committee, for the management
of this temple & curtailing the establishment
which has been the subject of my previous
correspondence, is I beg to submit, very
urgently required. Many of the present
servants of the temple, are to the best of
my enquiry utterly useless & not required,
but their names & offices being still
retained, their stipends which have
already accumulated into large arrears,
ever increase. As directed on

I have also addressed the Agent of the
Sringeri Mutt to give me his opinion
with regard to the revision of the estimate of
the temple -

6. In conclusion I respectfully beg
to state that I experienced trouble in
bringing the affairs of this temple to a
satisfactory state in some respects,
but as the Shekoar & Nanjappa is always
unwilling & ready to resign & the Taluk
Authorities are not prompt in taking
timely measures, I apprehend that the
arrears due to the temple will again
accumulate & the demands against
it will still increase as before -
